

## Using the appguru tool

Launch an ISE shell: *Start -> All Programs -> Xilinx Design Tools 14.2 -> ISE Design Suite 14.2 -> Accessories -> ISE Design Suite 14.2 Command Prompt*

Navigate to your SDK workspace (or where ever you want to store the files) and run the command: **appguru -hw system.xml -app hello\_world -pe microblaze\_0**

```
ISE Design Suite 64 Bit Command Prompt
C:\Xilinx\14.2\ISE_DS>cd C:\Cases\appguru\SDK\appguru_test
C:\Cases\appguru\SDK\appguru_test>appguru -hw system.xml -app hello_world -pe microblaze_0
Xilinx Software Application Generator
Xilinx EDK 14.2 Build EDK_P.28xd
Copyright (c) 1995-2009 Xilinx, Inc. All rights reserved.
C:\Cases\appguru\SDK\appguru_test>
```

Note for a list of all the pre-built example designs see the EDK install dir:

C:\Xilinx\14.2\ISE\_DS\EDK\sw\lib\sw\_apps

For a list of all the commands type *appguru -h*

For help adding custom application see the AR below:
